General Information

Description

Welcome to the Salam Weekend School Kindergarten Class! I look forward to working with the kids this year!

I have provided a rough outline of the course schedule along with a breakdown of our days below.

Expectations and Goals

It is expected that the kids know how to recite the Arabic Alphabet. If your child does not know, please make sure to practice with them at home. In addition to review of recitation, our goal is to have the kids be able to write and recognize the whole Arabic Alphabet by the end of Fall Semester insha'Allah. During the Spring Semester, we will continue to practice writing and recognizing the alphabet. In addition, we hope to memorize Surah Fatiha, Surah Ihklaas, Surah An-Nas, and Surah Al-Falaq by the end of the year. Our Islamic studies will include knowledge of the 5 Pillars along with stories of various Prophets and the beginning steps to take for Prayer.

While we will review the information above with the kids during class, it is important that kids spend additional time outside the classroom to review what we have learned.

Course Materials

The book for this semester is called 'Our Religion is Islam' and 'Sail Through with Arabic Letters.' If you have not done so already, please pick up the books from Salam as soon as possible.

Homework

Each week students will be given a homework assignment to complete during the week. The homework will be a review of the information we have covered in class. It is important to note that we have limited time available in the classroom to learn a lot of information so it is vital that your child review this at home. For any questions, feel free to contact me through email or phone.
